Basis of preparation

The financial statements have been prepared on the going concern basis and in accordance with the historical cost convention except for certain properties and financial instruments that are measured at revalued amounts or fair values, as explained in the accounting policies below. One-off donations, collections, fees and other income of such nature are recognised in the accounts and attributed to the financial period in which the income is received, subject to any specific conditions attaching to the receipt of such funds or income.

Grants awarded to assist with capital expenditure are held on the balance sheet and released to the Income & Expenditure Account on a straight-line basis over the expected useful life of the assets.

20. EVENTS AFTER END OF REPORTING PERIOD

At the time of signing the financial statements, we are still in the midst of a Covid-19 pandemic, which will have a negative impact on the global and Irish economies.

Rape Crisis Midwest CLG have reviewed the activities and services in the period following the balance sheet date and considered the continued impact of the Covid-19 pandemic. It has also considered the financial position and the resources available within the organisation.

The company has had to effect changes in the delivery of services and it is anticipated this will continue into the foreseeable future.

The demand for services has increased throughout this period and our primary funder is anxious to ensure that there is continuance of the services provided. Our own fundraising activities have been hampered by the pandemic.

Based on the information available at this time, in its opinion, the organisation will be in a position to continue to carry out activities and services through the current difficult period and has sufficient liquid resources to manage the disruption to its activities and services, caused by Covid-19, for at least 12 months from signing of the financial statements.
